Notes:							

This document and the information contained herein is for general information purposes only and is not intended, and does not constitute, legal reimbursement, business, clinical or other advice. Furthermore, it does not constitute a representation or guarantee of reimbursement, and it is not intended to increase or maximize payment by any payer. Nothing in this document should be construed as a guarantee by Abbott regarding reimbursement or payment amounts, or that reimbursement or other payment will be received. The ultimate responsibility for obtaining payment/reimbursement remains with the customer. This includes the responsibility for accuracy and veracity of all claims submitted to third-party payers. In addition, the customer should note that laws, regulations, and coverage policies are complex and are updated frequently, and, therefore, the customer should check with its local carriers or intermediaries often and should consult with legal counsel or a financial or reimbursement specialist for any questions related to billing, reimbursement or any related issue. This information does not guarantee coverage or payment at any specific level, and Abbott does not advocate or warrant the appropriateness of the use of any particular code. This update reproduces information for reference purposes only. It is not provided or authorized for marketing use.

Rx Only
Brief Summary: Prior to using these devices, please review the Instructions for Use for a complete listing of indications, contraindications, warnings, precautions, potential adverse events and directions for use.
