Education

2020–2021 ACADEMIC YEAR

VIRTUAL AND IN-PERSON COURSES

The Abbott Academic Development department is committed to enhancing the training experience for fellows in the cardiovascular disease disciplines. Our premier educational programs allow the learned concepts to be applied for immediate impact on patient care as well as incorporated into long-term healthcare strategies. We have engaged global thought leaders to create our “By Physicians, For Physicians” curriculum with a focus on Abbott technologies for the 2020–2021 academic year. The content progresses with you from PGY4 to the final year of your specialty fellowship. We look forward to having you join us on this educational mission.
