LIVE WEBINAR

An Evening with Janani Rangaswami, M.D.
Considerations of Comorbidities, Part 4: Hypertension

WEDNESDAY, APRIL 15, 2020 I 6:30 p.m. – 9:00 p.m. EST

This program, sponsored by Abbott, has been designed for all levels of cardiology fellows. Today, managing and treating the cardiac patient involves more than just looking at EKGs, echocardiograms, and utilizing cutting-edge medical technology. The modern cardiologist must consider other diseases and how they affect the cardiology patient. During this exciting four-part series, we will be addressing the most common comorbidities afflicting this complex patient population. This comprehensive, thought-provoking program has been designed to enhance clinical care and patient co-management while discussing how to guide the care of your patient as part of a multidisciplinary team.

This is part four of the four-part series. Hypertension has long been known as the silent killer. Consistently elevated blood pressure wreaks havoc on the human body and, if left untreated or undertreated, can lead to death. Hypertension is likely one of the first items listed in your patient's medical history. Effective management of hypertension for cardiac patients is imperative to favorable patient outcomes.

AUDIENCE Cardiology Fellows, Heart Failure Fellows, Electrophysiology Fellows, Interventional Cardiology Fellows, Cardiologists, Electrophysiologists, Interventional Cardiologists and Staff

WHERE **Webcast URL:** https://www.webcaster4.com/Webcast/Page/2090/32574

OBJECTIVES Upon completion of this educational activity, participants will be able to:

- Outline the role of a cardiologist and the multi-disciplinary team
- Implement an interdisciplinary approach to patient care, both within and outside a hospital system, for an appropriate patient referral pathway
- Be aware of new therapies available to patients with hypertension and when to refer patients for these treatments
- Understand the most recent guidelines for hypertension

AGENDA

WEDNESDAY, APRIL 15, 2020		SPEAKERS
6:30 p.m.	Registration & Welcome	Kyle Jamaitis
7:00 p.m.	Webinar Presentation	Janani Rangaswami, MD
8:00 p.m.	Local Discussion and Programs	All
10:00 p.m.	Adjourn	

FACULTY

Janani Rangaswami, MD
Einstein Medical Center
Philadelphia, PA
