

# myMerlinPulse™ Mobile App Compatible Smartphone and OS List

Popular mobile devices and operating systems are regularly tested to evaluate compatibility with the myMerlinPulse Mobile App. We recommend checking this list before installing a new version on your phone or before using the app with a new phone. This table will be updated as other devices and operating systems (OS) are evaluated. Jailbroken devices and beta OS versions are not supported. Not all app versions are available in all geographies.

Tested devices and OS versions for each myMerlinPulse Mobile App version:
