

2024 MEDICARE

Inpatient Reimbursement Prospectus

Due to increasing financial risk to U.S. health care providers, physicians and hospitals have been centered on outcomes-based modifiers to Medicare payments for the last few years. We appreciate the role that Abbott procedures play in Medicare’s reform programs and we believe that opportunities for success in a new era of reform continue to present themselves, such as treatment optimization, improving outcomes and avoiding downstream complications. Abbott believes that opportunities also exist from clinical to economic perspectives to impact patient care and hospital performance. We continue our mission to create relevant technology that improves meaningful patient outcomes, now made even more meaningful considering expanded financial risks posed to U.S. hospitals.

On August 8, 2023, the Centers for Medicare & Medicaid Services (CMS) released the FY 2024 Final Inpatient Prospective Payment System (IPPS) Rule, effective for inpatient services on October 1, 2023. Abbott has analyzed and summarized the varying impact to individual FY 2023 Medicare Severity-Diagnosis Related Group.

(MS-DRG) payments for procedures supported by our technologies or therapy solutions. Please refer to the full FY 2024 Final IPPS Rule to fully understand the changes to individual MS-DRGs.

Medicare IPPS Comparison Chart: FY 2023 vs. FY 2024

Medicare IPPS Comparison Chart: FY 2023 vs. FY 2024

MEDICARE PAYMENT RISK CONTINUES

As planned, Medicare will continue the scope and level of potential penalties of its payment reform initiatives, including the Hospital Readmissions Reduction Program and the Value-Based Purchasing Program. Risk to inpatient MS-DRG payments will continue at 3% and 2% respectively. The FY 2018 through FY 2024 makeup and impact of these two payment reform programs are illustrated in the charts on this page. As payment reforms continue to impact healthcare management and as Medicare changes the way in which health care providers are paid, Abbott will continue to explore programs that seek to improve meaningful patient outcomes through shared risk.

For more information on how Medicare’s rulemaking or reform initiatives may impact your facility or institution, please contact Abbott’s Reimbursement team at 855-569-6430 or at AbbottEconomics@abbott.com.
