

Transcatheter Aortic Valve Replacement (TAVR) Checklist for Implanting Physician(s)

This checklist is provided as a summary of the information used to process claims for TAVR procedures per the CMS NCD 20.32. This list includes the most commonly used codes and is not all-inclusive. It is the responsibility of the hospital and/or physician to determine appropriate coding for a particular patient and/or procedure. Any claim should be coded appropriately and supported with adequate documentation in the medical record.

CODES/MODIFIERS/OTHERS	WHEN USED?	INCLUDED
DIAGNOSIS CODES		
Z00.6: Encounter for the examination for normal comparison and control in clinical research program	All cases - Required to indicate inclusion in TVT Registry	<input type="checkbox"/>
