ACADEMIC DEVELOPMENT

FELLOWS EDUCATION

2025–2026 ACADEMIC YEAR

IN-PERSON COURSES

The Academic Development department is committed to enhancing the training experience for fellows in the cardiovascular disease disciplines. Our premier educational programs allow the learned concepts to be applied for immediate impact on patient care, as well as incorporated into long-term healthcare strategies. We have engaged global thought leaders to create our “By Physicians, For Physicians” curriculum with a focus on our technologies. The content progresses with you from PGY4 to the final year of your electrophysiology fellowship. We look forward to having you join us on this educational mission.
