Epicardial Cable	8
Patient Cable	9
Three hold Cable	10

VENTRICULAR PACING 60 DEGREE CURVE **Torque Control**

Product Highlights

- Designed to provide pacing and sensing in the ventricle from the superior vena cava approach
- Designed to balance maneuverability and mechanical stability
- Solid core enables user to customize the curve
- 10 cm depth markers to enhance placement
- Smooth, hemocompatible polyurethane coating
- Stainless steel center conductor and electrodes
- Clearly marked terminals
- Shrouded 2 mm pin connector leads

Ordering Information

Contents: Pacing Catheter and Pin Adapters (5 units per box)

PART NUMBER	FRENCH SIZE	ELECTRODE SPACING (CM)	USABLE LENGTH (CM)	RECOMMENDED INTRODUCER SIZE (F)
401765	4	1	110	4
401775	5	2.5	110	5
401766	5	1	110	5
401776	6	2.5	110	6
401767	6	1	110	6
401768	7	1	110	7

Data on file at Abbott.

VENTRICULAR PACING WITH RIGHT HEART CURVE

Torque Control

Product Highlights

- Designed to provide pacing and sensing in the ventricle from the inferior vena cava approach
- · Designed to balance maneuverability and mechanical stability
- Solid core enables user to customize the curve
- 10 cm depth markers to enhance placement
- Smooth, hemocompatible polyurethane coating
- Stainless steel center conductor and electrodes
- Clearly marked terminals
- Shrouded 2 mm pin connector leads

Ordering Information

Contents: Pacing Catheter and Pin Adapters (5 units per box)

PART NUMBER	FRENCH SIZE	ELECTRODE SPACING (CM)	USABLE LENGTH (CM)	RECOMMENDED INTRODUCER SIZE (F)
401769	4	1	110	4
401770	5	1	110	5
401771	6	1	110	6
401772	7	1	110	7

Data on file at Abbott.

ATRIAL "J" PACING

Torque Control

Product Highlights

- Designed to provide pacing and sensing in the right atrium from the superior vena cava approach
- · Designed to balance maneuverability and mechanical stability
- Solid core enables user to customize the curve
- 10 cm depth markers to enhance placement
- Smooth, hemocompatible polyurethane coating
- Stainless steel center conductor and electrodes
- Clearly marked terminals
- Shrouded 2 mm pin connector leads

Ordering Information

Contents: Pacing Catheter and Pin Adapters (5 units per box)

PART NUMBER	FRENCH SIZE	ELECTRODE SPACING (CM)	USABLE LENGTH (CM)	RECOMMENDED INTRODUCER SIZE (F)
401773	5	1	110	5

Data on file at Abbott.

STRAIGHT

Flow Directed

Product Highlights

- Designed to provide temporary pacing from the superior vena cava approach
- Flexible design for delicate placement of catheter
- 10 cm depth markers to enhance placement
- Smooth, hemocompatible polyurethane surface
- Clearly marked terminals
- Shrouded 2 mm pin connector leads

Ordering Information

Contents: Pacing Catheter, Syringe and Pin Adapters (1 unit per box) Kit Contents: Pacing Catheter, Syringe, Pin Adapters and Needle Peel-Away Introducer (1 unit per box)

PART NUMBER	FRENCH SIZE	ELECTRODE SPACING (CM)	USABLE LENGTH (CM)	RECOMMENDED INTRODUCER SIZE (F)
401761	5	1	110	6
401762 (Kit)	5	1	110	6

Data on file at Abbott.

RIGHT HEART CURVE

Flow Directed

Product Highlights

- Designed to provide temporary pacing from the inferior vena cava approach
- Flexible design for delicate placement of catheter
- 10 cm depth markers to enhance placement
- Smooth, hemocompatible polyurethane surface
- Clearly marked terminals
- Shrouded 2 mm pin connector leads

Ordering Information

Contents: Pacing Catheter, Syringe and Pin Adapters (1 unit per box) Kit Contents: Pacing Catheter, Syringe, Pin Adapters and Needle Peel-Away Introducer (1 unit per box)

PART NUMBER	FRENCH SIZE	ELECTRODE SPACING (CM)	USABLE LENGTH (CM)	RECOMMENDED INTRODUCER SIZE (F)
401763	5	1	110	6
401764 (Kit)	5	1	110	6

Data on file at Abbott.

EPICARDIAL CABLE

Bipolar Pacing Accessories

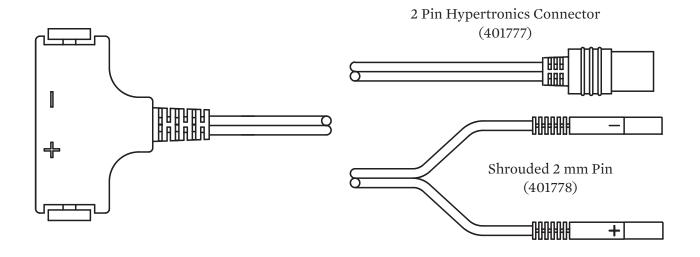

Product Highlights

- Designed to provide a connection between an external pulse generator or pacing system analyzer and the epicardial (myocardial) wire(s)
- Reusable (sterilizable up to 10 times)
- · Thumb wheel screw connections
- Recessed receptacle ports

Ordering Information

Contents: Epicardial Cable and Pin Adapters (5 units per box)

PART NUMBER	DESCRIPTION	USABLE LENGTH
401777*	2 Pin Hypertronics Connector	2.4 meters (8 feet) – Yellow
401778^	Shrouded 2 mm Pins	2.4 meters (8 feet) – Yellow

Data on file at Abbott.

^{*}Compatible with External Pulse Generators (EPGs) containing a 2-pin Hypertronics receptacle.

[^] Compatible with External Pulse Generators (EPGs) containing shrouded 2-pin receptacles.

PATIENT CABLE

Bipolar Pacing Accessories

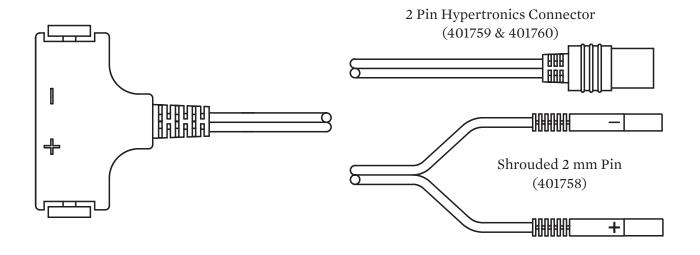

Product Highlights

- Designed to provide a connection between the external pulse generator or pacing system analyzer and the pacing catheter(s) and to provide the ability to extend the distance between the pacing leads and the pacing device.
- Reusable (sterilizable up to 10 times)
- Thumb wheel screw connections
- Recessed receptacle ports

Ordering Information

Contents: Patient Cable and Pin Adapters1 (5 units per box)

PART NUMBER	USABLE LENGTH
401758^	2.4 meters (8 feet) – Black
401759*	2.4 meters (8 feet) – White
401760*	2.4 meters (8 feet) – Blue

Data on file at Abbott.

^{1.} Pin adapters only included with shrouded pin models.

^{*} Compatible with External Pulse Generators (EPGs) containing a 2-pin Hypertronics receptacle.

[^] Compatible with External Pulse Generators (EPGs) containing shrouded 2-pin receptacles.

THRESHOLD CABLE

Bipolar Pacing Accessories

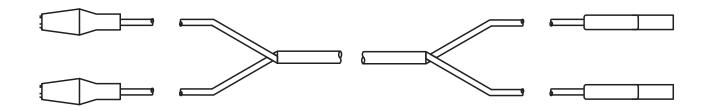

Product Highlights

- Designed to provide a connection between the external pulse generator or pacing system analyzer and the pacing catheter(s) or permanent pacing leads during threshold testing
- Reusable (sterilizable up to 10 times)
- 8 foot usable length
- Shrouded 2 mm pin connector leads

Ordering Information

Contents: Threshold Cable and Pin Adapters (5 units per box)

PART NUMBER	USABLE LENGTH
401748	2.4 meters (8 feet) – Black

Data on file at Abbott.

CAUTION: This product is intended for use by or under the direction of a physician. Prior to use, reference the Instructions for Use, inside the product carton (when available) or at vascular.eifu.abbott or at medical.abbott/manuals for more detailed information on Indications, Contraindications, Warnings, Precautions and Adverse Events. This material is intended for use with healthcare professionals only.

Information contained herein for DISTRIBUTION outside of the U.S. ONLY. Check the regulatory status of the device in areas where CE marking is not the regulation in force.
