TERMS AND CONDITIONS

Estimates shown are for illustrative purposes only. This content is not intended for any other purpose. Estimates may be based upon several sources, included but not limited to: primary sources, scientific literature, commercially available data sets, data/inputs provided by the customer, and various external sources.

It should be noted that there are usually differences between modelling estimates and actual results. Abbott does not take responsibility for any such discrepancies. There is no guarantee of any potential economic outcome, including payment, cost savings, or procedure volume. Estimates are modelled using the Medicare Prospective Payment System fee schedule.

Certain Maryland hospitals paid under Maryland Waiver provisions using All Patients Refined Diagnosis Related Groups (APR-DRG) are excluded from payment under the Inpatient Prospective Payment System (IPPS). Providers using any other Medicare payment system are also excluded from this model.

Abbott may not provide Vermont Health Care Providers with any item of value at no-charge unless it is listed in the Vermont statute. Vermont does not list reimbursement or technical support services as items that may be provided. Abbott considers basic coding, coverage and reimbursement information related to procedures involving Abbott products to be “educational items” that are permissible under the Vermont statute. This reimbursement lookup is considered an educational item that is permissible under the Vermont statute.

This information is expressly not to be distributed to third parties. A provider may only receive their own information. Provider data may not be shared to other entities.

Introduction

This content is intended to provide reference material related to general guidelines for reimbursement when used consistently with the product's labeling. This content includes information regarding coverage, coding and reimbursement. Additional resources can be found at

www.cardiovascular.abbott/us/en/hcp/reimbursement.html

Reimbursement Hotline

Abbott offers a reimbursement hotline, which provides live coding and reimbursement information from dedicated reimbursement specialists. Coding and reimbursement support is available Monday through Friday at 1-855-569-6430. Coding and reimbursement assistance is provided subject to the disclaimers set forth in this content.

Disclaimer

This material and the information contained herein is for general information purposes only and is not intended, and does not constitute, legal, reimbursement, business, clinical, or other advice. Furthermore, it is not intended to and does not constitute a representation or guarantee of reimbursement, payment, or charge, or that reimbursement or other payment will be received. It is not intended to increase or maximize payment by any payer. Abbott makes no express or implied warranty or guarantee that the list of codes and narratives in this document is complete or error-free. Similarly, nothing in this document should be viewed as instructions for selecting any particular code, and Abbott does not advocate or warrant the appropriateness of the use of any particular code. The ultimate responsibility for coding and obtaining payment/reimbursement remains with the customer. This includes the responsibility for accuracy and veracity of all coding and claims submitted to third-party payers. In addition, the customer should note that laws, regulations, and coverage policies are complex and are updated frequently, and, therefore, the customer should check with its local carriers or intermediaries often and should consult with legal counsel or a financial, coding, or reimbursement specialist for any questions related to coding, billing, reimbursement, or any related issues. This material reproduces information for reference purposes only. It is not provided or authorized for marketing use.

C1896	Lead, cardioverter-defibrillator, other than endocardial single or dual coil (implantable)

ICD-10-CM Diagnosis Codes

Diagnosis codes are used by both hospitals and physicians to document the indication for the procedure. For Cardiac Pacemaker, Implantable Cardioverter Defibrillator (ICD) and Implantable/Insertable Cardiac Monitors (ICM) patients, there are many possible diagnosis code scenarios and a wide variety of possible combinations. The possible scenarios and combinations are too numerous to capture in this document. The customer should check with their local carriers or intermediaries and should consult with legal counsel or a financial, coding or reimbursement specialist for coding, reimbursement or billing questions related to ICD-10-CM diagnosis codes.
