RED Declaration of Conformity

Abbott Medical hereby declares that the following product(s) conform to the applicable provisions of the Radio Equipment Directive (2014/53/EU) and subsequent supplements 2017/1354, 2019/320, and 2022/30. All supporting documentation is retained under the premises of Abbott Medical. This declaration is issued under the sole responsibility of the manufacturer. This declaration supersedes any declaration issued previously for the same product(s).

Manufacturer Address:	Abbott Medical, Cardiac Rhythm Management Division 15900 Valley View Court, Sylmar, CA 91342, USA
European Representative	Abbott Medical The Corporate Village, Da Vinciliaan 11 1935 Zaventem, Belgium
Product Type:	Remote Monitoring Transmitter
Applicable Standards:	3.1a: EN 62368-1:2014 + AC:2015 + A11:2017 EN 50566:2017 EN 62209-2:2010/A1:2019 3.1b: EN 301 489-1 V2.2.3 (2019-11) EN 301 489-52 V1.2.1 (2019-04) 3.2: EN 301 908-1 V15.2.1 (2023-01) EN 301 908-13 V13.2.1 (2022-02)
Applicable Annex:	II
Technical Construction File:	91052195

RED Declaration of Conformity

Product Name (s)	Model #	Description of accessories and components:
AVEIR™ Patient Transmitter	LSRM01	The AVEIR Patient Transmitter (PT) is a portable, handheld, 9-volt battery-powered device used to remotely collect data from implanted Aveir Leadless Pacemakers (LPs). During use, the patient holds the PT while it acquires LP telemetry via conducted communication and records a surface ECG. The PT then transfers the collected data to the Merlin.net Patient Care Network (PCN) as part of the AVEIR Remote Care System, enabling physicians to review LP status, alerts, and diagnostic information through remote monitoring.

This confidential document is the property of Abbott and shall not be reproduced, distributed, disclosed or used without the express written consent of Abbott.
